NEW BUSINESS:

Mr. Bogan offered the following resolution and moved its adoption:

WHEREAS, Brandon M. Fetzer, a member of St. Catherine/St. Margaret Troop No. 21 of the Boy Scouts of America in Spring Lake, Monmouth County, and an admired resident of the Borough of Sea Girt, has been recognized at a special Court of Honor ceremony on January 9, 2005, for his attainment of the rank of Eagle Scout, and;

WHEREAS, To fulfill the requirements for the Eagle rank, Brandon M. Fetzer completed a demanding Eagle Project that demonstrated his leadership, creativity, and concern for his community; and,

WHEREAS, Brandon M. Fetzer has distinguished himself by his success in achieving a goal realized by only about two percent of the Scouting population; and,

WHEREAS, As a result of his considerable accomplishments and exemplary excellence, Brandon M. Fetzer has brought honor and pride to his family, The Borough of Sea Girt, and the State of New Jersey; and,

NOW, THEREFORE, BE IT RESOLVED, by the Council of the Borough of Sea Girt, New Jersey:

That this Council hereby honors and congratulates Brandon M. Fetzer upon attaining the rank of Eagle Scout, commends his outstanding record of service, leadership, and accomplishments as exemplified by that rank, and extends to him sincere best wishes for continued success in all future endeavors; and,

Mr. Niemeyer seconded the resolution and on roll call it was adopted by unanimous vote.

Mr. Grubaugh offered the following resolution and moved its adoption:

WHEREAS, Mayor and Council of the Borough of Sea Girt has received one blanket bid for the provision of services to the water and sewer utilities in the Borough of Sea Girt from Mark Wozczak Mechanical Contractors, Inc., in the sum of \$355,125.16; and

WHEREAS, Fred Yoerg & Associates, P.C., engineer consultant, has examined the bid documents and references and has found them satisfactory and has recommended awarding the contract to Mark Wozczak Mechanical Contractors, Inc., in the sum of \$355,125.16; and

NOW, THEREFORE, BE IT RESOLVED, that the contract for the provision of services to the water and sewer utilities be awarded to Mark Wozczak Mechanical Contractors, Inc. in the sum of \$355,125.16.

Mayor Ahern asked if anyone from the public would like to make a comment; John O'Grady, The Terrace, asked what the \$355,125.16 incurs. Mrs. Morris explained a blanket bid is so that the Sea Girt Department of Public Works does not have to send it out for bid each and every time they need to do work on the water or sewer, if it is over \$17,500.00. She further explained they sent out a boiler plate type blanket bid document and Mark Wozczak was the only contractor that came in with a bid.

WHEREAS, member of the armed forces of the United States, including residents of the Borough of Sea Girt, are today actively engaged in combat operations in Afghanistan and Iraq, or are deployed or otherwise serving in support of those operations, and/or in support of the ongoing efforts of our Armed Forces throughout the world to protect and defend our nation and its citizens;

WHEREAS, since September 11, 2001, and increasingly since the commencement of combat operations in Afghanistan and Iraq, the men and women of the New Jersey National Guard have been called up to active duty status in increasing numbers, and their support and service have been and will continue to be essential to the overall success of military efforts both home and abroad.

WHEREAS, the ongoing hostilities in Afghanistan and Iraq, and the call to active service of thousands of New Jersey's National Guard Reservists, have added untold additional stress and sacrifice to the lives of thousands of families of our active duty military, and for whom in peacetime day-today life was already stressful and challenging enough;

WHEREAS, as many American families have lost loved ones in the military actions underway in Afghanistan and Iraq, and more than a hundred thousand other American families live each day in constant trepidation that the next knock on the door might make their own worst fears come true;

WHEREAS, it is important that the enormity of the day-to-day sacrifices and heroism of our troop and their families not be lost or forgotten amidst the din of a presidential campaign and the media's unwavering focus on the sensational;

WHEREAS, the residents of the Borough of Sea Girt want our troops and their families to know that they are in our hearts and on our minds, that we support them and are extremely grateful for the sacrifices they are making each and every day;

WHEREAS, the Mayor and Borough Council, on behalf of all the families of Sea Girt, wish to honor and recognize our active military personnel and their families by establishing a special program for the summer of 2005;

boardwalk during the weekend of August 6th and 7th. Motion carried by unanimous vote on roll call.

Mr. Bogan reported Dennis Lauzon, owner of Parkway Toyota, has donated a new truck for the beach patrol. Among other things, this can address rescue issues, practical transportation issues, and patrol issues. This is a 2005, four door Tacoma and is presently being fitted for emergency lights, etc. This is an extraordinary thing that Mr. Lauzon has also done in the past, and he should be recognized for his past and present generosity. Mr. Bogan also reported there was a meeting held on May 18, 2005 that he did not get an opportunity to write a summary of, but it was called by the Department of Environmental Protection, in which we were called and asked to participate in the meeting regarding among other things dredging issues but most of the attention was given to the endangered bird species areas that have been closed off by fencing, particularly on the north side of the town. The site has been significantly expanded, and part of that expansion includes a closure of what had been an access walkway to The Terrace's beach through the center of the two sites that are dedicated to the endangered species. The DEP through their endangered species section, has determined that walking right through the middle of the birds' nesting areas was disruptive to the birds, and therefore, the birds keep trying. A practical problem with that beyond the obvious, is that it can carry out the length of time in which the closed area is required. The endangered species people have closed that entrance off, however, through Mr. Grubaugh, Mrs. Morris and me, and two other representatives from the town we were able to discuss and determine an alternate walkway so that those people who are entering on The Terrace can still gain access to the beach. However, the route will be longer. Mr. Bogan also reported the pavilion is up and functional. He stated he spoke with Mr. Avakian again and was told that plans will be prepared by Mr. Rice and reviewed by Mr. Avakian to be presented at the first meeting in June. At that time, Council can consider and review, and make any comments on it so that this project can get out to bid.

Motion by Mr. Niemeyer seconded by Mr. Grubaugh to expend \$2,680.98 to Perth Amboy Spring Works, Perth Amboy, New Jersey for repairs to the Garbage Truck for the Public Works Department under State Contract #A41017. Motion carried by unanimous vote on roll call.

Motion by Mr. Niemeyer seconded by Mr. Bogan to expend \$3,934.40 to Seaboard Welding Supply, Inc., Oakhurst, New Jersey, for a Welder for the Public Works Department, the lower of three quotes received. Motion carried by unanimous vote on roll call.

Motion by Mr. Niemeyer seconded by Mrs. Morris to expend \$3,206.40 to Allied Oil Co., Manville, New Jersey for Diesel Fuel for the

Public Works Department, under State Contract #A71843. Motion carried by unanimous vote on roll call.

Mr. Niemeyer also reported the following: he received a letter from Mr. Avakian, Borough Engineer regarding the improvements to Trenton Boulevard Paving Schedule. It stated Mecco Inc. will be on site June 1, 2005, Wednesday to begin milling and paving at Trenton Blvd. It further stated that the residents should formally be notified on Friday, May 27, 2005. Mr. Niemeyer stated this project should be completed in its entirety by the 6th of June. Mr. Niemeyer also reported an update on the web page. He stated he has received a few changes and that we now have a copy of the recreation calendar, and we should be able to get these things posted within the next week on the web page and we'll have that up-to-date. Next, Mr. Niemeyer reported an update on the boardwalk and beachfront handicap access improvement. He stated we have turned down all of the bids we had received because they were overpriced. We now have the option of going out and negotiating with these contractors who made a bid to come in at our prices. A letter has been sent to all bidders, letting them know that we have a total funding of \$130,000.00 and they are to come back with provisions and their plans no later than 2:00 p.m. on Monday, June 6, 2005 for review and a recommendation of an award.

Mayor Ahern asked if anyone wished to address Council: Kathy MacLeod, Trenton Boulevard, asked with respect to the repaving, has anyone inspected the work that is finished, whether it has been graded properly so the water would stay out of the aprons that go into the sewers. Mr. Grubaugh responded, that he believed that part was already inspected, but before the bill is paid the entire thing will be inspected. Kathy MacLeod went on to suggest that someone look at it while it is wet. Mr. Grubaugh responded we will do that. Joe Norcia, Beacon Boulevard, stated he attended the Board of Education meeting May 23, 2005, before attending the meeting he had mailed to them a copy of an article in the May 4, 2005 Asbury Park Press and a copy of the Open Public Meetings Law. He further stated a Board of Education District was fined \$4,766.00 for refusing to fax or email its meeting agendas. This fine affects the Council, specifically the BOE has an agenda, sometimes 36 items on that agenda, 15 pages, 7 pages, 12 pages etc., for the last ten years I have requested of them that the agenda be available before the meeting, and the response has been no, it will be available at the time of the meeting. How could I read through 14 pages or with 36 agenda items and have any kind of intelligent comment to make? Low and behold, in response to this letter and the enclosure, the BOE faxed to me the agenda, seven pages. So I say, you the Council should take that into account. Mr. Norcia next addressed Mr. Grubaugh regarding the police report and speeding tickets on Beacon Boulevard. He asked how does he get that information. Mr. Grubaugh responded we don't log them by street. Lieutenant Conway injected, it's possible to go through them by hand to get the location. Mr. Grubaugh continued that we keep track of every summons issued. Mr. Norcia asked if he could personally go through the summonses manually or if he could read the computer. Lieutenant Conway stated it's not on the computer, because the computer logs where the Motor Vehicle stop was made not where the violation occurred, so in order to find out where the violation occurred, we would have to look at the actual summons. He also stated that we can do. Mr. Norcia further went on to add that he lives on Beacon Blvd. and there isn't a day that goes by that he does not have to juggle around so he doesn't get hit from a car coming from Hwy. 71 onto Beacon Blvd. He further suggested to have a run on speeding on Beacon Blvd. and Washington Blvd. and felt he as well as other citizens would be safer. John O'Grady, The Terrace, commented on the following issues:

1. The Green Acre Referendum; he asked what was the status. Mr. Grubaugh responded the filing date for the referendum to the County is August 16, 2005. We have made a lot of progress over the past few weeks. We have another meeting scheduled for Friday, this week. We are looking at both aspects, #1) the one cent tax and #2) the acquisition of the Yard Property. He further went on to add, we should have a report into Council before the end of June, for digesting for Public input etc. Mr. O'Grady asked when will it be presented to the taxpayers, so they can comment on it. Mr. Grubaugh responded there will be a public meeting to

air it, hopefully at the last meeting of June. Further, if there are any comments or suggestions for changes, they can be addressed at the July meeting.

2. Reference 214 The Terrace: Mr. O'Grady asked if the topography is exactly the same as it was before they cut the hole in. He further asked if the perk of the soil was the same as the perk of the soil to the east and to the west of where they made the cut out. Kevin Thompson responded that he and Mr. Niemeyer had spoken to the General Contractor on the job and he knows that he has to bring it up. It is a little low, but he knows about it and he is going to fix it, he is going to sod it and put it back to the way it was.

3. Recycling: Mr. O'Grady stated he read in the paper the amount of recycling that is occurring in Monmouth County is diminishing and is becoming costly because there is more going into the landfill. He asked if we track how much recyclables we get. Kevin Thompson responded that we, as in every municipality in the State of New Jersey, do track it. He continued to comment that Sea Girt has an outstanding group of residents that do an extremely great job of recycling. We have to submit an annual tonnage report every year, the County and State keep track.

Unfortunately, the State in general is going down, it's not just the County, and it's been going down over the past 5 - 6 years. The State of NJ is taking it very seriously and will be doing sweeps at different counties beginning with Hudson County in the first week or two of June and they have targeted 2,000 places to continue on to. Mr. O' Grady went on to ask if we are still ticketing people who put recycling in their garbage. Mayor Ahem responded, yes.

4. Website: Mr. O'Grady asked if there was any way to have a consolidation of the information posted on the website. Mr. Grubaugh responded that the website is not designed as an element to print from. Mr. O'Grady commented that consolidation would fail into the recyclables because we would be saving paper.

5. Dune Grass: Mr. O'Grady asked if we were doing anything about the dune grass because he hasn't noticed much dune grass. Mr. Bogan responded, there are two things with regard to the dune grass. There is some migration of dune grass towards the ocean south of New York. Mr. Bogan further commented that Mrs. Morris, Mr. Clemmensen and he are scheduling a meeting for them to get together on dune grass so that they can begin that process in June. Thereafter, they will try to develop that dune grass plan. The first meeting will take place in June. Mr. O'Grady stated there is dune grass by the pavilion on the easterly side that is unprotected. Mr. O'Grady also commented on the restrooms. He asked if there was a time limit as to when they open and when they close. Mr. Bogan responded they are supposed to be open during normal business hours, and that we hope to have one that will be open pretty much around the clock.

Mayor Ahern announced that the next regular meeting will be held on Wednesday, June 8, 2005 at 7:30 p.m. at the Sea Girt Elementary School.

Mr. Bogan offered the following resolution and moved its adoption:
